Terms and Conditions: All prices are F.O.B. Alameda, CA and are subject to change without notice. Minimum order is \$250 net. New account minimum \$1,000. Terms are net 30 days from invoice/shipping date. Orders exceeding \$1,000 net will be shipped freight free within the continental USA (excluding Aquaclean). All shipments will be made in standard packaging; no broken cases allowed. Claims for shortages must be made in writing within 10 days of receipt of invoice or goods. Returns must have prior written authorization and may be subject to a 15% restocking charge.

Mastering the art of cleaning requires the right tools.

Ettore Steccone invented the window squeegee over eighty years ago in Oakland, California. His T-shaped tool, manufactured of brass with a single precision slit rubber blade, dried windows virtually streak-free and became the new standard in cleaning glass.

Today, his family still runs this small independently owned company and continues his legacy by bringing quality products, not only to the professional, but to homeowners around the world. The spirit to innovate and discover new and better ways to clean is alive and well at Ettore Products Company. As we inspire professionals to master the art of cleaning, our goal is to remain at the forefront of innovation and continue to produce the finest cleaning tools available.

Satisfaction Guarantee.

All of our products are unconditionally guaranteed to deliver nothing less than flawless performance.

The Majority of Our Worldwide Sales are from Products Made or Assembled in the U.S.

Rubber

World Famous Master® Rubber

Highest Quality Rubber

For over 80 years, Ettore has combined the best materials with a passion for perfection to create the world's best squeegee rubber, right here in the U.S.A.!

- #1 Window Squeegee Rubber in the industry. This ranking is undisputed. We outperform and out sell every other manufacturer in the world, combined!
- We travel the world looking for the best raw materials to make our revolutionary squeegee blades.
- Every blade is hand inspected – you can be assured that every blade is perfect and ready to make you money.
- Driven by our passion to make the best product available, we guarantee every blade unconditionally.

Satisfaction Guarantee.

Ettore takes pride in hand-inspecting each blade before it is shipped, ensuring the highest quality, precision edge available. Like all of our products, it's unconditionally guaranteed to deliver nothing less than flawless performance.

Handles at a Glance

As the market leader, Ettore builds, tests and specs every handle to meet the needs of professionals around the world.

Master Squeegee Handles

- These handles come in Brass, Stainless, and Aluminum to fit all of the jobs you throw at them.
- “Clipped” or “fixed” to meet your requirements.
- Optional rubber grips add extra “gripping power”.

Pro+ Squeegee Handles

- Engineered with high strength polymer materials.
- Over-molded rubber grips to add extra strength in slippery situations.
- Ergonomically designed as the standard for all handles.

ProGrip Squeegee Handles

- Large rubberized grip for extended use without fatigue.
- Slightly larger for extra comfort.
- Engineered to the highest standards for trouble free performance.

Super System Squeegee Handles

- Flexible handle rotates 180° to help fit in awkward areas.
- Engineered to the highest standards with the best materials to assure years of uncompromising use.
- Over-molded rubber inserts for extra grip when wet.
- Zero degree handle for skylights and glass, helps to reduce fatigue.

Ledge-Eze Squeegee Handles

- Designed with extra reach for those large window ledges.
- Great for deep ledges and window frames.

All handles work great with Ettore Rea-c-h Poles.

Contour Pro +

The Most Innovative Handle Ever Produced

Ettore revolutionized the industry with the Contour Pro+ squeegee. Combining four time-saving features into one amazing tool, it makes window cleaning faster, easier, and more profitable. It's the only handle you will ever need.

Patented Suspension System

- Superior for closing out deep sill windows.
- Adjustable spring tension—customizes to user preference.
- Consistent even pressure eliminating streaks and rubber lasts longer.

Super System

- Automatically adjusts to angle without lifting off glass.
- Ideal for cleaning irregular shaped glass.
- Swivels horizontally 180°.

Zero Degree Feature

- With the flip of a lever, squeegee transforms to a 0° angle.
- Perfect for cleaning overhead glass in atriums eliminating back strain.
- Allows fanning with a pole.

MODEL	CODE	PER CASE
Brass	5363	6
Stainless	5362	6

Click-Lock feature on every tool assures safe and quick "change out" with our complete line of poles.

BackFlip – Four Tools In One!

The perfect balance of speed and performance. One tool – four uses. With the touch of a button you can use individually or in time-saving combinations.

One Pass Wash & Wipe

The faster way to clean windows! The Golden Glove Washer cleans the glass and the Squeegee dries in just one pass.

Combo Tool

The BackFlip combines our Quick Release Squeegee with our Golden Glove Washer. Squeegee available in Brass or Stainless.

Heavy-Duty Washer

The specially designed T-bar has a handy, easy fitting grip. The shape has been designed to hold more solution.

Backflip works great with all of our poles—with a simple twist change from washer to squeegee.

Quick Release Handle

Available in Brass and Stainless Steel makes changing channels easier than ever.

Pro+ Super System T-Bar with Microfiber Sleeve

Microfiber Sleeves

Ettore Advanced Microfiber sleeves continue our tradition of uncompromising perfection in sleeve performance.

- Extremely fine Microfibers allow for maximum scrubbing power.
- Most models also provide extra scrub pad for added scrubbing power on stubborn material.
- Each product retains at least 20% more solution than all of the competitive models.
- Double seams on all sleeves allow for longer lasting and more durable performance.
- Durable Microfiber can withstand at least 500 washings.

Professional Scrapers

Ettore's world-famous scrapers are one of the most important tools in a window cleaner's arsenal. Use them for removing stickers, paint, tape, caulk, and industrial maintenance.

- We use the highest grade carbon steel and stainless steel in the industry to assure long lasting blades and flawless performance.
- Angled scrapers to help you get into the tightest corners.
- Double-edged blades to help last longer.
- Pro+ Contour scraper gives you the Pro+ comfort handle in the popular 6" size.
- Our scrapers will fit all of our competitors blades so you only need one tool to do the job.

Replacement Tip	49542	6

43" Long

Grip'n Grab® — Extend Your Reach

The Grip'n Grab's sleek profile fits behind furniture, appliances, crawl spaces and other hard-to-reach areas. The rubberized jaws combined with pistol grip and articulating head allows for picking up small objects horizontally or vertically. Rust-proof for outdoor use, it tackles any job from fallen leaves to debris in pond or fountain.

The articulating head turns 90° to reach tight spaces.

Pro+ Elite Dusters

New

MODEL	CODE	PER CASE
Ostrich Feather Duster	8300	6

Click-Lock Feature

The Elite Duster family can be used with handle or on an Ettore REA-C-H extension pole with Click-Lock secure lock system.

When it comes to dusters, bigger is better.

We've designed our new family of Pro+ Elite Dusters to perform better than any other line of dusters on the market. The big difference between us and the competition is size. We've designed these professional dusters to have twice the surface area of ordinary dusters which adds up to faster, more efficient cleaning.

Pro+ Elite Dusters

Dusters

Click-Lock Feature

Most Ettore dusters can be used with handle or on an Ettore REA-C-H extension pole with Click-Lock secure lock system.

Squeegees**

Floor Squeegees

Ettore offers a complete assortment of floor squeegees to help clean up virtually any situation. Our policy of build, test, and spec, applies to all of our products, including floor care tools.

- Steel squeegees both in straight and curved configurations are galvanized to help protect in even the most caustic situations.
- Aluminum Squeegees are perfect for pushing or pulling liquid and won't corrode or rust.
- Dual moss rubber squeegees move fluid and dry it in the same motion. Great for uneven surfaces, like tile, concrete, and even decks.
- Neoprene blades for increased durability.

Aquaclean

Aquaclean was in the forefront of the pure water revolution of the 1990's with our groundbreaking Aquaclean systems and accessories. All of our knowledge, observations, and expertise have culminated in our new PW3 System! This modular system gives you every option. There is no need to look further, and it is backed by legendary Ettore Customer Service.

- 75% Faster Than Conventional Cleaning Methods.
- Safely Clean From the Ground—No Ladders Needed.
- Environmentally Friendly—No Soaps or Chemicals.
- Surface Dries Spot Free in Any Weather Condition, Even Direct Sunlight.
- Greater Access to Hard to Reach Areas.
- Increased Productivity—No Set-Up Time For Ladders or Lifts.
- Lasts 10 Times Longer Than Standard DI Tanks.
- Low Learning Curve—Reduce Training Time.

Aquaclean Pure Water Systems

AQUACLEAN

Three Cartridge Filtration System

The Aquaclean system is designed to reduce the maintenance and cost in manufacturing pure water. Pretreatment cartridge, Reverse Osmosis and a De-Ionization. We have created the ultimate system that requires the least filter replacement than anything else on the market.

Step 1. Tap water flows into the Carbon/KDF prefilter to begin the anti-scaling process and remove chlorine in the water supply.

Step 2. The Reverse Osmosis Membranes separate water and remove 92% to 95% of total dissolved solids.

Step 3. The De-Ionization Cartridge removes the remaining total dissolved solids, producing water that is 99.99% pure.

Aquaclean PW3

Model # 94103

3 Stage Water Treatment System includes:

- 3 stage Aquaclean cartridge system
- Quick disconnect hoses
- Bulletproof protective cart system

New

Aquaclean Pure Water Systems

Aquaclean PW3

Modular System

Model # 94103

Shown with #94104 (Reel) and #94105 (Pump)

Revolutionary cart system gives you the power to operate multiple poles with superior pressure and water clarity!

New

Hose Reel for PW3

Model # 94104

PW3 Hose Reel

- 100 ft. durable hose
- High quality hose reel for long lasting performance
- Quick installation

110v Pump for PW3

Model # 94105

PW3 110 volt pump

- Pressure gauge
- 110 volt pump
- All brass water fittings
- Quick installation

New Aquaclean Poles

Locks are not glued so they can be easily replaced

Unlock the power of the new gold standard in water-fed poles.

The all new Aquaclean Carbon Fiber Pole is the most powerful water-fed pole you can buy. The revolutionary Carbon Fiber design provides greater rigidity at longer lengths than any other pole on the market, allowing for effortless brush control. Each pole has an aluminum outer tube that adds strength when extended and protects the carbon fiber inner poles when fully retracted. It's easy to transport, even in small vehicles.

The new Multifunction Clamping System positively locks each section, preventing unintended pole collapse. The ergonomic design of the locking tabs minimizes fatigue and are engineered for long lasting performance. Each clamp has a tapered bottom that eliminates pinch points and prevents the pole from getting caught on window sills and branches. And replacement pole sections easily bolt on—no more gluing sections together.

New clamp design has positive locking tabs that won't release unintentionally

Each clamp has a tapered bottom to prevent snags and keeps the clamps separated to prevent pinch points

Durable endcap protects the end of the pole and features a side hose aperture that prevents kinks.

Choose one of our six pole length options, starting from 18 feet.

AQUACLEAN

Aquaclean Poles

New Design

Aquaclean Poles

The Aquaclean Carbon Fiber Pole system is designed to deliver the precise balance between rigidity and weight, without sacrificing durability or strength. Each pole has an aluminum outer tube that provides added strength while protecting the expensive carbon fiber inner pole. This is simply the best water fed pole available.

PART NO.	DESCRIPTION	COLLAPSED LENGTH	WEIGHT
7218	18 ft. Aluminum/Carbonfiber	54 in.	2.43 lbs.
7225	25 ft. Aluminum/Carbonfiber	67.5 in.	3.69 lbs.
7235	35 ft. Aluminum/Carbonfiber	72 in.	6.42 lbs.
7245	45 ft. Aluminum/Carbonfiber/Hi Modulus	79 in.	7.86 lbs.
7255	55 ft. Aluminum/Carbonfiber/Hi Modulus	91 in.	8.97 lbs.
7265	65 ft. Aluminum/Carbonfiber/Hi Modulus	105 in.	10.07 lbs.

Top Seller

- All poles are shipped with a 14" brush, angle adapter and hose.
- Additional size brushes sold separately.
- Actual cleaning height may vary.

Please consider grade of surface, height of windows, distance from building the operator is standing and height of operator. As with all poles, extreme care must be taken while working with water near electricity.

Aquaclean Brushes

Both Aquaclean brushes combine nylon and boar's hair bristles that leave glass perfectly clean.

All water jets are made from high quality brass fittings
