Cleaning Machines

AERO 15 Power

Powerful high performance vacuum with HEPA Filter

The TASKI AERO 15 Power high-efficiency vacuum cleaner uses state-of-the-art technology and has a powerful high performance 800w watt motor. With patented TASKI whisper technology, the vacuum cleaner works powerfully but quietly. Upgraded to be tougher, stronger and now even more powerful, the AERO 15 Power comes with HEPA H13 Filter for superior air quality as standard.

TASKI AERO 15 Power brings you:

- High performance
- Exceptional suction
- Quiet TASKI whisper technology
- HEPA H13 Filter and standard upgraded floor tool

Powerful high performance

The standard AERO tub vacuum delivers all performance anyone would need for every day needs. The AERO 15 Power delivers even greater suction for those who demand even more. Suction is so increased the floor tool has been changed to work with this extra suction.

Exceptional suction

The AERO 15 Power delivers even more power (22% more) to those who need it and want it for the toughest jobs. All AERO 8/15 models get significant upgraded components & accessories for even greater durability. The AERO 15 Power gets all of these upgrades and even more power.

Ultra-silent TASKI whisper technology

Despite all this extra performance, the AERO 15 Power is still extremely quiet thanks to patented TASKI whisper technology. This low noise level means it can be operated in any environment at any time, day or night.

HEPA H13 Filter and upgraded floor tool as standard

HEPA filters deliver higher levels of filtration for cleaner air. Cleaner air means superior air quality that we all breathe. Both AERO 15 Power and AERO Plus models are upgraded and supplied as standard with HEPA H13 Filters. Suction is so powerful the AERO combi sliding nozzle 32mm has been selected for optimum performance.

AERO 15 Power

Technical data			
Canister capacity	15 L	Working radius	16 m
Bag type (fleece/paper)	Both	Cable length	12.5 m
Nominal consumption	800 W	Hose length	2.2 m
Voltage	220/240 V	Suction tubes	Metal telescopic
Weight with cable	7.3 kg	Floor tool width	280 mm
Sound pressure level	55 dB(A)	Dimensions	426 x 313 x 390 mm
Sound power level	65 dB	Protection class	Class II
Vacuum	22.5 kPa	HEPA option	Yes
Max air flow	38 L/sec	Approvals	GS
Filtration (stages)	3
