^[3] Final gloss will depend on many variables like floor type, surface texture, wear, cleaning operation process, etc.

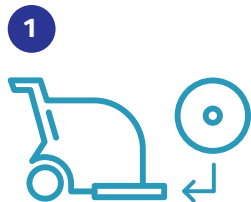

^[4] For coated floors

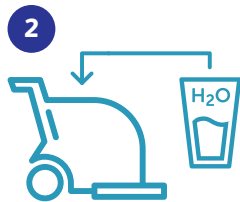

The Twister colour system tells you when it is time to put a new pad in. When the pad is out of colour, a new one must be fitted to the machine. Contact your account manager to create a customised Twister colour programme that suits your needs.

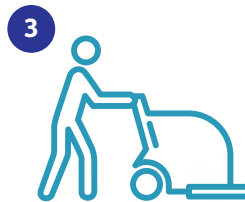

TWISTER Guide

1
Mount the Twister pad on the cleaning machine.

2
Pour tap water (no chemicals!) into the machine.

3
Done. Now you can start cleaning.
